EDUCATION

B.S. in Electrical and Computer Engineering

Shanghai Jiao Tong University

2023 – 2027 (expected)

GPA: 3.6/4.0

B.S. in Robotics Engineering

University of Michigan

2023 – 2027 (expected)

RESEARCH

DAG-based Framework for Complex Dialogue and Swarm Robotics Collaboration

Independent Research Project

April 2025 – Present

Machine Learning-based Study of Droplet Collision Behavior

Research Assistant at Shanghai Jiao Tong University

April 2024 – Present

Under Prof. David Hung

UAV Path Planning and Active Perception Balance Algorithms

Research Intern at Tsinghua University Shenzhen Graduate School

January 2024 – February 2024

Under Prof. Xinlei Chen

Dragonfly: Three-Stage Mars UAV Structural Design

Tsinghua University Qian Xuesen Mechanics Class & Shenzhen Zero One College Summer School

Summer 2023

Under Prof. Jun Yang

The Red Cliff Plan: Large-Area Structural Super-Slip

Tsinghua University Qian Xuesen Mechanics Class & Shenzhen Zero One College Summer School

Summer 2021

Under Prof. Quanshui Zheng

INTERNSHIP

3D ECG Result Visualization and Diagnostic Algorithm Development

Edan Instruments, Inc.

January 2025 – February 2025

Algorithm Group, R&D System

AWARDS

Research Awards

- "The Red Cliff Plan: Large-Area Structural Super-Slip" (2021): Most Valuable Research Award, Best Team Award, Best Research Method Award in the summer school
- "Dragonfly: Three-Stage Mars UAV Structural Design" (2023): Best Design Award in the summer school

Scholarships

- Huatai Securities Science and Technology Scholarship
- Shanghai Jiao Tong University Excellence Scholarship
- Yu Liming Scholarship

Musical Achievements

- ABRSM Piano Performance Level 8 Certificate
- Central Conservatory of Music Clarinet Performance Level 9 Certificate

TEACHING

Tech TA for Introduction to Engineering

UM-SJTU Joint Institute, SJTU

Fall 2024

TA for Political Philosophy

UM-SJTU Joint Institute, SJTU

Spring 2025

LEADERSHIP

Founding President

UM-SJTU Joint Institute Tennis Club

TECHNICAL SKILLS

C++

Python

MATLAB

Risc-V

SolidWorks

Arduino

Verilog

Data Analysis

Image Processing

3D Visualization

Signal Processing
